Note: Items H and I are optional. Completing these items will assist EPA and State and local governments in locating and assessing hazardous waste sites. Although completing the items is not required, you are encouraged to do so.

H Sketch Map of Site Location: (Optional)

Sketch a map showing streets, highways, routes or other prominent landmarks near the site. Place an X on the map to indicate the site location. Draw an arrow showing the direction north. You may substitute a publishing map showing the site location.

Ford Motor Company owned and operated an automobile assembly operation at the site from 1927 to 1961. The shaded area noted above along the river, which was behind a wooden bulkhead, was low ground and was used as a burning pit for all plant trash, paint sludges, solvents, etc. These burning residuals could contain some heavy metals. The area was filled and leveled with construction debris and river dredge materials prior to 1951. The plant was sold in 1961.
